Profile

I intend to be a part of organization where i can constantly learn and develop my technical and management skill and make best use of it for the growth of organization. I look forward to establish myself by adapting new technology as well.

Education

Master's Degree in Computer Science and engineering   07/2017 – 08/2019
National institute of technology, Patna, India

Subjects included: Machine Learning, Artificial Intelligence, Semantic web and with Advance in both computer network and data structure gave me the brief knowledge to a greater extent. Other than the course work i also had the knowledge of Wireless sensor network (WSN), Brain computing and Big data computing. During this year the project was also executed based on brain computing that describes how the machines navigate from places as same as humans.

Bachelor's degree in Computer Science and Engineering   07/2010 – 07/2015
Vilasrao Deshmukh college of engineering and technology, Nagpur, India

Bachelor's degree in Engineering was mainly focused on Algorithms and programming in C language. Various other courses like Computer networks, Operating system and Theory of computation were also studied which were the base course for a student doing bachelors in computer engineering. The final year project executed was based on Cloud computing.

HSC   2008 – 2010
Sri Chaitanya College, Hyderabad, India

SSC   1998 – 2008
Mont Fort Higher secondary school , Ballarshah, India

Awards and Achievments

GD and PI
Vilasroa deshmukh college of engineering , Nagpur, India

An group discussion and personal interview was organised in the college. The topic for the GD was black and white. As my communication skills was on point i achieved the first rank in the contest.

jet airways
Vilasroa deshmukh college of engineering , Nagpur, India

An PI was conducted from jet airways on the college premises. Among all the colleges few member was selected based on the communication skills, i was one of them selected and achieved the 3rd rank.
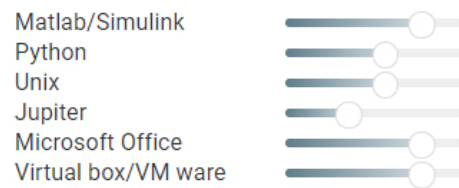

Robotics
KDK College of Engineering, napur, India

An cultural and sport event was organised by KDK college of engineering. In one of the event called robotics was organised where a mechanical catapult was to build using given tools. my team pilled of the first prize

Software

Matlab/Simulink	
Python	
Unix	
Jupiter	
Microsoft Office	
Virtual box/VM ware	

Programming Languages

C	
Python	
C++	
HTML	

Languages

English	Professional
Hindi	Full
Marathi	Native

Certifications

Big Data computing   01/2019 – 01/2019
IIT Patna, Patna, India

A week course on Big data computing conducted by Professor Rajiv mishra imparted by various professors from different IIT 's and NIT,s. This course covers the four V 's, that are the main factor in big data computing i.e. volume, variety,velocity and veracity.

C/C++
Hyderabad, India

As a computer engineer C and C++ was the basic languages. Here i had learned the basics of programming and and how the code is executed.

Strengths

| Adaptable | Attention to detail | Authentic | Communication |

| Decision making | Team-working | Time management |
